FELL 85 FEET.

Instantaneous Death a New
Flagman's Fate.

Was Leaning Out of Window and
Was Struck By
Bridge.

W. F. Underhill, a new flagman on Tennessee Central freight train No. 98, was killed Tuesday night just beyond McKenzie Station, 18 miles South of this city. The train was in charge of Conductor Parmley and left Clarksville at 5 p. m. Underhill met his death at the bridge over West Fork. He was leaning out of the engine looking backward, when the abutment of the bridge struck him on the back of the head. He was knocked from the train and fell to the creek below, a distance of 85 feet. Death was of course instantaneous. The body was recovered by the train crew and brought to this city and prepared for burial. Wednesday morning it was taken to Nashville for interment, where Underhill leaves a wife and one child. He was 29 years old and had but recently entered the service of the Tennessee Central.

TOBACCO MARKET.

Loose Sales For the Week, and
Monthly Report.

There is nothing of special interest to report concerning the condition of the local tobacco market. Receipts are still good and sales continue at previous quotations. R. M. Wooldridge & Co. had a good sale of the loose weed on the floor this week and will continue to sell in this manner as long as the tobacco comes in. The following quotations fairly represent the loose market.

Trash, \$2.25 to 2.50; lugs \$2.60 to 3.10; leaf, \$3.50 to 5.00.

The inspectors' monthly report shows 675 hogheads received during August. Receipts for the year, 11,320 hogheads. Shipments for August were 686 hogheads and for the year, 7,569 hogheads. Total stock on hand, 3,785 hogheads.

Found Her Daughter.

A Decatur, Ala., dispatch says Mrs. Ellen Winters, of Nashville, Tenn., found her runaway daughter, a 16-year-old girl, in a house of ill repute, near this city. The girl first went to Decatur. She went home with her mother.

GREATEST BATTLE

For a Generation Now In Pro-
gress Around Liao Yang.

Half a Million Men Engaged
And Russians Are Sur-
prising the Japs.

Liao Yang, Sept. 1.—Fighting was resumed by the Japanese and Russian forces near Liao Yang at daybreak yesterday, and was continued throughout the day. The reports from the battle are meager, but a last night's bulletin from Liao Yang said that the Russians had effected an advance along the railway to the southward. Reports from Russian sources claim that the fight of Tuesday was a victory for the Russians, and that the Japanese were repulsed all along the line. It is said that practically the whole Russian force is on the firing line, and that the losses are heavy on both sides. Reports from Port Arthur are conflicting, and one of them asserts that the bombardment has ceased and that the Japanese have decided to capture the city by investment.

The battle at Liao Yang is still in progress, but the strength of the combatants does not equal that of yesterday. The Japanese are getting around the Russian's left flank. Over 500,000 men and 1,300 guns are engaged on both sides.

BREATHITT & BELL.

Two Judges Form a Strong Legal
Partnership.

Judge James Breathitt and City Judge Douglas Bell have formed a partnership for the practice of law, which is likely to prove one of the strongest in Western Kentucky. Judge Breathitt has had judicial experience and is attorney for the I. C. Railroad, and is the Republican State Election Commissioner. He probably has the largest practice of any lawyer at the local bar.

Judge Bell in addition to being city judge, is Master Commissioner in Christian county and has a wide personal acquaintance all over the county. His rise in his profession has been rapid and based on merit and ability. The firm's offices are over the Planters' Bank.

Mr. Johnson is a young man who graduated a year or two ago from the Northwestern University at Chicago and last year held a chair in the faculty of that institution.

His family will soon follow him here.

SURPRISED THEIR FRIENDS

By Coming Back as Man and
Wife.

Mr. Elmo Jones, of Cadiz, and Miss Ethel Wadlington, of Gracely, were married last week while on a visit to the World's Fair with a party of friends. They kept their marriage a secret until they returned home and announced it Sunday. They will reside on Mr. Jones' farm in Trigg county. The bride is a daughter of Mr. Thos. N. Wadlington and is a handsome and attractive young lady who was educated in this city.

His Last Sleep.

The State College of Kentucky,

LEXINGTON, KENTUCKY.

The Agricultural and Mechanical State College of Kentucky, offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, natural, and mechanical engineering, electrical engineering, civil engineering, mining, and surveying, each of which extends over four years and leads to a degree. Each course is organized under faculty control. The faculty members are professors and instructors.

County appointments receive tuition, room rent in dormitory, food and light, and they also receive traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The library is a comprehensive one, comprising the young men and \$100,000. And hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college" is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college house for young women provides facilities for good home and lodging. It is equipped with all modern conveniences, including bath room and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

Courting in Holland.

The etiquette of Holland is exceedingly strict in all classes. The young girl is most carefully chaperoned, and she never goes anywhere, even to church, unless accompanied by her parents, some male relative or other equally trustworthy attendant. At a glance the parents sit round the walls sipping their coffee or wine, and the young men must make the best of their chances in the opportunities afforded by the dance, for when it pleases the guardian to depart there is no help for it, but the girls must go too. An unmarried girl always takes the right arm of her escort while the matron takes the left, perhaps because it is nearer the heart.

Abscess.

W. H. Harrison, Cleveland, Miss., writes: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's store, (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 50c size, and it cured my leg. It is the best liniment in the world."

GALVESTON SEA WALL

Texans Unveil Monuments Marking Completion of Great Work.

Galveston.—The great sea wall, which has required nearly a year and a half to build, has cost about \$1,200,000, and is expected to protect this city from a recurrence of such a flood as that of four years ago, when many hundreds of lives were lost and Galveston was practically wiped out of existence, was dedicated today. Governor Lanham and thousands of persons from all parts of the state attended the unveiling of two monuments at the foot of Tremont street to commemorate the event. The wall is 17,693 feet long, protects the whole sea front, and will necessitate the raising of the grade of the city from one to fifteen feet.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address: P. J. Cheney & Co., Toledo, Ohio.

STUPENDOUS PRODUCTION.

Next Attraction the Laughing Event of the Season.

"Alphonse and Gaston," that marvellous musical farce which has kept the American people on the qui vive of expectancy for its production, will be seen at Holland's opera house Wednesday night, September 7.

"Alphonse and Gaston," as every newspaper reader from Eastport, Maine, to the Golden Gate at California, knows of the mythical Frenchmen whose ultra politeness places them in the most absurd and ridiculous positions imaginable. The characters of Alphonse and Gaston are assumed by those favorite and well known comedians, Mr. Jack Collins and Mr. Henry Clive, assisted by such artists as Mr. James Gibson, as "Happy Hooligan," and Miss Florence Nash as "Mother Katzenjammer," and others.

The musical numbers as sung by a competent chorus of pretty girls, are gems chosen from the most popular authors of the day. "Alphonse and Gaston" is a stupendous production of stage, scenic effects and costume splendor, abounding with hilarious situations, by-words and witticisms that will become the popular fad of the day.

Charlie Sommers, of the Elizabethtown News, will make the race for State Senator in his district. Newspaper men always make good legislators and are generally able to hold their own in any company. Charlie Sommers used to be sergeant-at-arms of the Senate and he would fit one of the big cushion seats like the paper on the wall. The Baldheaded Club is for him to amuse.

Daviess county is to have a hanging for the first time in 51 years. Robt. Mayfield, who murdered Emma Watkins, is to die for his crime. Commonwealth's Attorney Ben Ringo, made the speech of his life. Roy Green, the negro who killed a white man about a month ago, will be tried next and will get a like sentence. They don't fine murderers over in Daviess.

The monument on the battlefield of the River Raising, near Moorock, Mich., was dedicated yesterday. Col. Bennett H. Young and Secretary of State H. V. McChesney were among the speakers.

David B. Hill says he will retire from politics January 1st. It is not in evidence that David has been in politics since he left the Senate. At any rate he has not cut much ice.

The Hendersons Journal boasts of a corn stalk 14 feet high. The Kentuckian has one on exhibit 17 1/2 feet in height. Henderson county must be raising a crop of rubbins this year.

Laramie, Wyoming, Hickman, Kentucky, and Wilmas, Texas, each lynch a negro this week. The Hickman mob drowned Joe Bumpass in the Mississippi river.

The Third Regiment of the Kentucky State Guards will go into camp at St. Louis today. The local company left last night.

AFTER THE HOME.

Owensboro Pythians Are In The Fight Strong.

Owensboro is making a strong fight for the K. P. Home for Widows and Orphans, to be put up by the order in Kentucky. The inquirer says:

"The committee to visit the various localities is composed of well known and enterprising citizens, the following gentlemen composing the committee: T. P. Satterwhite, Jr., of Louisville; Lucien H. Davis, of New York; and H. C. Dupont, of Owensboro. They will visit Owensboro within the next month and when they come the city should show them every attention and place every facility within their reach to enable them to properly report the advantages that Owensboro has over other cities for the location of the home."

Mr. William C. Parker and Miss Ida Riley, both of Macedonia neighborhood, were united in marriage last night at Macedonia Christian church. Elder T. D. Moore, of this city, officiated.

Dr. Gray Coming.

Mr. John D. Rogers and Miss Ollie Gibson, young people of near Carl, were married Sunday.

BACKACHE AND DIZZINESS.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of Pelvic Organs.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.
"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Perina, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that disease peculiar to the female sex are not commonly recognized as being caused by catarrh. Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Perina cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

REUNION AT RICHMOND.

Gathering An Occasion Long to Be Remembered.

Richmond, Va., Aug. 30.—A reunion of the family of Mr. and Mrs. G. C. McGehee, of Portsmouth, Va., was held at the home of Mr. C. D. McGehee, No. 2803 East Clay street, this city. The event was a most enjoyable one and will long be remembered by all who were present.

There are eight boys and four girls in the family. All the boys were on hand for the first time in years. The children present were E. A. McGehee, of Richmond, who is a valued employee of the O. & O. railroad; H. C. McGehee, a prominent merchant of Gracely, Ky.; C. D. McGehee, of Richmond, operator for the O. & O. railroad; W. P. McGehee, of Portsmouth, general yardmaster of the Seaboard Air Line; Walter R. James, L. and Clifton W. McGehee, all of whom are connected with the U. S. navy yards at Portsmouth; Lee McGehee, clerk in a clothing store at Norfolk; Mrs. Elma Harris, of Richmond, and Mrs. Willie Cunningham, of Portsmouth. Mrs. Ada C. Vest, of Charlottesville, and Mrs. Berta Cave, the other two children, were unable to be present on the happy occasion. All of the children except Clifton, the youngest, are married, and all the boys were accompanied by their wives. Pictures of the families were taken—first in a family group, then the eight boys and then the boys and their wives.

Mr. H. C. McGehee and wife, of Kentucky, have returned home and will visit her sister, Miss Willie Caldwell, of Wallonia, Ky.

Girl Causes Trouble.

Louisville, Ky., Aug. 30.—A special to the Post from Middletown, Ky., says while church services were being held at Bachus, Claiborne county, Tenn., John Fultz and Thomas Crawford engaged in a pistol duel over a young lady. Crawford was killed and Fultz was mortally wounded. The fight occurred on the church grounds.

KNIGHT OF THE GRIP.

W. S. Davidson Will Take the Road for St. Louis House.

Mr. W. S. Davidson, who has for several years been at the head of the hardware department of the Porter Manufacturing Co., will go on the road next week. He has accepted a position as traveling salesman for the N. Y. & N. H. Hardware Co., of St. Louis, with headquarters in this city. His territory is Western Kentucky and Western Tennessee. SAXONY

Our Base Ball Team.

BY M. E. N.

Now let the best in the K. L. T. Listen a minute, I'm sure you'll agree! On to victory, at defeat they throw These our manly team, the Boys in Brown

Look in the box, there is a "Grip"
Nonpareil in the modern day
The curve, the drop, they all are in
Each ball is a hero, a noble warrior
With Mays on first, he's right there
He catches those balls without a care
The only base baller who's a star
Every man goes out within three feet

The so-called man, he has his tin
He plays on second, draw all eyes to see
That he's a hero, a noble warrior
One, two, three, out the batter goes
Now the pitcher, before their hated foe
Now the pitcher, before their hated foe
Now the pitcher, before their hated foe

"It's the pitcher, the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

Here's "Fay" Laramie, "what need I say?
At the bat, his work is well done
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

In "Jack" the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

With made on face, behind the bat, he stands
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

Down in deep center, he's a hero, a noble warrior
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

That "Alex" is a hero, a noble warrior
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

Two of three men, just a few in his track
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

Barlow in right, always comes his ground
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

And now, we can find no better
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

Out in left, he's a hero, a noble warrior
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won
He's the pitcher, the pitcher is won

BARN BURNED

And There is a Suspicion of Incendiarism.

The tobacco barn of L. B. King, at Barnes, seven miles north of town, was destroyed by fire Monday night, together with all its contents, consisting of about 25,000 pounds of tobacco and a lot of machinery and grain. The fire is thought to be the work of incendiaries, and Squire King secured blood hounds with which he sought to track the guilty parties, but the trail was lost. The loss is estimated, will reach about \$2,200, upon which the insurance had just laid out. The burning of this barn leaves Squire King without any place to house his large crop of tobacco, just ready to cut.

GOEBEL STATUS.

Nearing Completion and Commission Will Soon Meet.

Senator Moretta, the designer of the Goebel monument, has so far progressed in the finishing touches to his statue during the past week in the notified Senator James H. McCarty, chairman of the Goebel monument commission, that the model was nearing completion, and asked that a meeting of the commission be called for the middle of the coming week. Upon his return from New York last week Senator Moretta secured a studio at Lexington more suited to his work, and had the casting of the model removed from the monument yard, and for the past week he has worked about fourteen hours each day putting the finishing touches to the model. The studio has been crowded daily with admirers of the dead statesman, watching the work of the sculptor, and the work has been pronounced perfect by those who were familiar with the late Gov. Goebel during his lifetime. The meeting of the commission will be held at the earliest possible day, and if the work is approved by them the model will be shipped to the New York studio of the sculptor, where it will be done in bronze.

GRADUATES

Of State College in Great Demand.

Lexington, Ky., Aug. 27.—An interesting fact in connection with educational matters in Kentucky is that the graduates from the School of Mechanical and Electrical Engineering of the State College of Kentucky are increasing in demand. Shortly after the close of every college year the graduates from this technical department of the State College enter upon their work in various fields of commercial engineering, and while there has been a slight depression in business in this country during the past six months all of the graduates from this department have been placed with some of the largest firms in the United States. This department of the state college is second to no other institution in this country, and some of the young men graduates during the past few years are now receiving large salaries from various firms, while many of them are at the head of the mechanical departments of large universities throughout the East and West.

IT IS SERIOUS.

Some Hopkinsville People Fail to Realize the Seriousness.

The constant aching of a bad back. The weariness, the tired feeling. The pains and aches of the kidneys are serious—if neglected. Dangerous urinary troubles follow.

A Hopkinsville citizen shows you how to avoid them.

J. H. Bell, Sr., retired farmer, living at 1121 East 7th St., says: "I have been so much a sufferer from kidney trouble that for a long time past I had been most anxious to find something that would afford me even the slightest degree of relief. The principal symptoms of my troubles were of a constant dull aching in the small of my back and a distressing irregularity of the kidney secretions. Reading of Doan's Kidney Pills, and hearing them highly spoken of, I went to Thomas & Traher's drug store and got a box. I used them according to directions and noticed beneficial results from the first few doses. My health has been vastly improved. I also gladly endorse Doan's Ointment, which I used for itching hemorrhoids which proved to be a great remedy for that exasperating disease."

For sale by all dealers. Price 50c. Foster-McMillan Co. Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

COWARDLY.

An Assault Upon Thomas Long Results in His Death.

Elkton, Ky., Aug. 27.—Thos. Long, who carried \$100 in gold in his possession, was found unconscious near his home this afternoon. He recovered enough to say that Jim Williams had assaulted him, and then died. A mob will lynch Williams if caught.

Warning to Lynchers.
Owensboro, Aug. 25.—"I want it known that men will be placed on the inside of the Daviess county jail with the instructions to shoot to kill at any mob attacking the jail for the purpose of lynching Roy Green. Because Roy Green killed a man it is no reason why other people should commit murder." The above statement was given out by Commonwealth's Attorney Ben D. Ringo. Since Roy Green was placed in the county jail there have been many rumors that a mob would take him from his cell and lynch him. Every precaution is being taken by the officials to guard against mob violence.

Scrap.
S. A. Read, Cisco, Texas, writes: "My wrist was sprained so badly by a fall that it was useless, and after using remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c. Sold by R. C. Hardwick.

BLUES VS BROWNS.

Henderson Takes the First of The Local Series.

Game Lost to the Browns by a Bunch of Errors in Ninth Inning.

The two last games of the locals with Vincennes, played here Monday and Tuesday, were won by the home team. Tuesday the score was 10 to 4, Ferrell pitched and Ketter was behind the bat. These winnings made four straight victories for the locals, three from Vincennes. The first with Henderson Wednesday brought a change of luck. It was a closely contested game for eight innings. Morris walked in the fourth inning and was brought in by Meander's two-bagger and Brady's single. Ketter and Gilligan were put out at first, preventing two more scores. The Blues did nothing until the seventh inning, when Downing put the ball over the right field fence and made a home run. Nothing more was done until the ninth inning. Crowder was put out on a fly to Brady. Lyon singled and Gilbert knocked a two-bagger. Ketter made a wild throw to second and both scored. Alexander hit Downing with a pitched ball giving him his base. McNutt singled and in the mix-up Morris dropped the ball at third, threw it wild and both Downing and McNutt scored. Mullen and Bobanosh then struck out and ended the agony. The locals went to the bat in a hopeless way, having gone to pieces. Morris, Myers and Meander quickly went out at first and the score was 5 to 1. Alexander pitched a good game and but for the last bunch of errors in the wind up, would have won his game.

On the Fly.

Barlow is one of the surest hitters on the local team. He made a home run Saturday in the last game with Clarksville and repeated the performance Tuesday in the last of the Vincennes games. In that game out of five times up, his bat connected with the ball four times.

At Cairo Sunday, 4070 people saw the game between Cairo and Paducah.

Myers has developed up wonderfully since he joined the locals. He can clearly always be relied upon to get a safe hit, and Tuesday he smashed out a two-bagger.

Marre's various sores and bruises, from one or more of which he has been partially disabled all the summer, are now about healed and he is playing fine ball on second base. Some of his catches Tuesday were especially brilliant and were loudly cheered.

"Foxy" Morris has not been hitting of late with his old-time reputation, but spread himself in the finish with Vincennes by making a three-bagger, a two-bagger and two singles out of five times up. His heavy hitting helped to win the game.

Maender got his hand in again and sent a three-bagger down to center field fence. Tuesday, he seldom lets a fly get away, but the grounders are harder for him to handle in center field, where the ground is uneven.

Little Brady, the nineteen-year-old bridgegroom, is distinguishing himself in left field, and takes in every fly that invades his territory. Some of his running catches are spectacular, and his arm is strong enough to make a quick delivery clear across the field. Brady will do the pennant-winning team we are going to have next year.

Ketter got back in the game Tuesday and Wednesday as catcher. Moore being indisposed, and played a good game Tuesday. On Wednesday his wild throw in the ninth inning started the fireworks that lost the game. Barring his uncertain arm play, he is improving all the time.

It is about time for Gilligan to knock another home run, in the regular order of things. During the

last few weeks the full-wing Hotkinville men have made home runs: Gilligan, Marre, Barlow, Morris, Moore, Myers, Brady and Anderson.

Ferrell pitched winning ball Tuesday and in addition hit three times and walked once out of four times at the bat.

Catcher Moore has been taking a rest for a few days, as he was feverish and out of condition generally. His heavy hitting is missed.

Bomar is still winning laurels as an all round man. He was joint umpire Tuesday and Wednesday, in Violet's absence, each team furnishing an umpire for alternate innings, and there was no dissatisfaction with his decisions.

The second game with Henderson was played yesterday, with Pettifer and Ketter as the battery. The last game of the series will come off this evening.

Bomar has not gone to Louisville yet.

BALLROOM BURNED.

Early Morning Fire Destroys a Building at Cerulean.

Fire Kept From Spreading to The Main Hotel Building.

The ball room at Cerulean Springs was destroyed at an early hour Wednesday morning, by a fire that was discovered by a guest at 1:15 a. m. It is supposed to have originated from a cigar stump. The building was two stories high with the ball room above, and the bowling alley, barber-shop and bath rooms below.

Jas. Mitchell and a colored barber named Owen who had rooms in the building were awakened just in time to escape in their night clothes.

The building was about 100 feet in the rear of the main buildings and the fire created a panic among the guests, about 100 in number.

Capt. R. S. Pool and his employees, assisted by others, kept the fire from spreading to the hotel.

The loss is about \$2,000, with no insurance of consequence.

The dining room will probably be used as a ball room the rest of the season.

Limbs Badly Swollen.

Dr. M. M. Fenner, Fredonia, N. Y.
Dear Sir:—About 4 years ago I began to suffer with severe pains in my back making it impossible for me to do any work. My limbs were swollen badly and I was troubled with an affection of the heart, also coming as I suppose from kidney trouble. I had tried several kidney remedies with little result, not satisfactory. I asked Mr. Burdette, the druggist who handles your goods here and he recommended your Kidney and Backache Cure saying he had sold it for several years very successfully. I took 4 bottles and the swelling has all gone from my limbs and my heart trouble completely cured. I have recommended this Remedy to a large number of my acquaintances, with the same results. I will gladly answer any letter from any one. KIMBALL PARRISH, 258 E. Washington St., Coldwater, Mich.
